

THE NELSON MANDELA AFRICAN INSTITUTION OF SCIENCE AND TECHNOLOGY (NM-AIST)

INVITATION OF APPLICATIONS FOR ADMISSION INTO THE *MASTER OF SCIENCE IN PUBLIC HEALTH RESEARCH* (MScPHR) DEGREE PROGRAMME FOR THE 2017/18 ACADEMIC YEAR

1.0 BACKGROUND

The Nelson Mandela African Institution of Science and Technology (NM-AIST) in Arusha, Tanzania is one in a network of Pan-African Institutions of Science and Technology located across the continent. These institutions envision training and developing the next generation of African scientists and engineers with a view to impacting, profoundly, on the continent's development through the application of Science, Engineering and Technology (SET).

The NM-AIST, which is accredited by the Tanzania Commission for Universities (TCU) is a research intensive institution for postgraduate and post-doctoral studies and research in SET. Its mission is to produce: (1) top-notch SET academics for Higher Learning Institutions; (2) competent researchers for Research and Development (R&D) Institutions; and (3) techno-preneurs, industry captains and innovations managers for stimulating, catalyzing and promoting business start-ups and growth of the local industry. The training, therefore, incorporates appreciable doses of relevant business studies and humanities ingredients designed to develop attributes that will enable graduates become better scientists and engineers for the society and industry.

The Goal of NM-AIST is to catalyze the development of world-class SET through the production of high quality scientists and engineers in Eastern Africa to stimulate, catalyze and promote economic growth and employment creation. Pursuant to this goal, the objective of NM-AIST is to educate the next generation of African scientists and engineers by equipping them with the technical, entrepreneurial and leadership capacities to solve African problems thereby contributing to the economic and social transformation of sub-Saharan Africa. More information on NM-AIST is available on the website: www.nm-aist.ac.tz.

2.0 MASTER OF SCIENCE IN PUBLIC HEALTH RESEARCH (MScPHR)

The Nelson Mandela African Institution of Science and Technology hereby invites applications from suitably qualified candidates for admission to pursue a Master of Science in Public Health Research (MScPHR) in the 2017/18 academic year.

The *Master of Science in Public Health Research* (MScPHR) is a new programme at NM-AIST that is hosted by the School of Life Sciences and Bioengineering (LiSBE). The programme will be run jointly between NM-AIST and the Ifakara Health Institute (IHI). The two-year programme will comprise of 12 months of coursework and 12 months of research. The coursework will take place at the facilities of the Ifakara Health Institute, Bagamoyo Training Centre. Courses will be offered by staff from the two Institutions.

The areas of specialization in MScPHR are as shown in the table below:

Degree Programme	Area of Specialization	Pre-requisite degree courses
