IDEA MARATHON PROGRAM AT THE IFAKARA INNOVATION HUB

The Ifakara Innovation Hub (IIH) plans to implement a program known as "Idea Marathon". The program aims to gather innovations of medical appliances/devices that will be enrolled in very first Product Development Partnership cohort. In this cohort, the IIH is partnering with different Industry experts in Tanzania, Kenya, and Switzerland to equip the innovators with relevant skills, technical and financial support to bring the innovations to life.

The application window is now open through [This Link](#), you can visit our pages on Instagram, Twitter, LinkedIn, and Facebook for more information. **The deadline for applications is 16th November 2021** and there will be a presentation for the selected innovations on the evening of November 25th. If you have any questions, please reach out to the Community Engagement Lead at the Ifakara Innovation Hub at +255658080699.
