

VACANCY ANNOUNCEMENT

Job Summary

Position: Laboratory Technologist Intern (1 post)
Reports To: Laboratory Manager
Work Station: Bagamoyo
Apply By: December 26, 2023

Institute Overview

Ifakara Health Institute (IHI) is a leading research organization in Africa with a strong track record in developing, testing and validating innovations for health. Driven by a core strategic mandate for research, training and services, the Institute's work now spans a wide spectrum, covering biomedical and ecological sciences, intervention studies, health-systems research, service delivery and policy translation.

Position Summary

Ifakara Health Institute seeks a qualified and experienced **Lab Technologist** to perform routine and experimental laboratory tests, mainly in the fields of Biochemistry, Haematology, Parasitology, Microbiology and Helminthology according to standard procedures (SOPs), ISO 15189 requirements, GCP, GCLP and the study protocol to produce reliable and precise data for scientific investigations.

Duties and Responsibilities

- Perform assigned lab Tests including lab analysis in Haematology, Biochemistry, parasitology, helminthology and microbiology according to respective SOPs, ISO 15189 requirements, Quality manual, Safety manual, Sample collection manual, GCP, GCLP and adherence to study protocols and ensure recording of accurate, precise and reliable test results.
- Adhering strictly to safety and hygiene instructions to prevent accidents and exposure to hazardous materials including monitoring and maintaining laboratory cleanliness and organization.
- Preparation and reviewing of laboratory standard operating procedures (SOP).
- Taking part in designing, preparing, carrying out, or supervising studies involving laboratory techniques.
- Carrying out quality control measures of all laboratory procedures which includes performance, monitoring, and documentation of IQC, EQA, instrument performance, calibrations and maintenance.
- Receive, label, and prepare samples for analysis, and storage ensuring proper documentation and tracking and maintaining sample integrity and traceability throughout the testing process.
- Record test results accurately and maintain detailed records following ISO 15189:2022 documentation requirements and study protocols and complete laboratory documentation, including worksheets, reports, data entry and logs.
- Ensure all samples are processed on time and results are delivered on time.
- Supervising the respective assigned section.
- Perform routine maintenance on laboratory equipment; recognize and report equipment malfunctions, and assist in troubleshooting and repairs.
- Monitor and replenish laboratory supplies and reagents and assist in managing inventory levels to ensure uninterrupted workflow.
