

VACANCY ANNOUNCEMENT

Job Summary

Position: Field Worker (1 post)
Reports To: Field supervisor/Project leader
Work Station: Ifakara.
Apply By: June 24th 2021

Institute Overview

Ifakara Health Institute (IHI) is a leading research organization in Africa with a strong track record in developing, testing and validating innovations for health. Driven by a core strategic mandate for research, training and services, the Institute's work now spans a wide spectrum, covering biomedical and ecological sciences, intervention studies, health-systems research and policy translation.

Position Summary

Ifakara is looking for a qualified and experienced individual to fill the vacant position of **Technician** who will work closely to scientists in Mosquito Mobility study and provide support in various experiments such as field mosquito's collection, rearing of mosquitoes in the insectary and testing various interventions in both semi fields and fields.

Duties and Responsibilities

- Attend mosquito taxonomy courses among others that improve his data collecting skills.
- Conduct field and semi-field and field experiments within the projects.
- Ensure all data and samples collected from the experiments are properly recorded and stored.
- Perform data entry.
- Supervise volunteers and field workers working within the project(s).
- Maintain all project(s) equipment in good order and custody.
- Maintain constant liaison with community members in the study area to ensure the smooth running of project(s) activities.
- Implement quality control procedures and ethical guidelines are met in the running of the project(s).
- Perform any other duties as may be assigned by the project leader.

Qualification and Experience

- Form 4 and 8 years of working experience.

Skills and Competencies

- Excellent interpersonal skills.
- Team working skills.
- Self-motivated and highly focused attitude to work.
